## MASTERING MOLAR ENDODONTICS

April 1, 2010 [16 Rabi' II 1431 H]

8:00 AM - 7:30 PM

RCDP Auditorium, Qurtoba Campus

### ● SPEAKERS

**DR. MANSOUR M. AL-REJAIE, BDS, MS**  
Diplomate, American Board of Endodontics  
Consultant in Endodontics, KAMC

**DR. KHALID S. AL-FOUZAN, BDS, MS**  
Diplomate, American Board of Endodontics  
Consultant in Endodontics  
Division Head of Endodontics, KAMC

**Saudi Commission  
for Health Specialties**

Continuing Medical Education and Professional Developing

## Synopsis

Molar endodontics often present challenges to the clinician. These may include difficulty in isolation, and access, negotiation of curved and narrow root canals, calcified canals, difficulty in obturation and managing anatomical variations. However, many advances in technology, materials, and equipment have made it possible today to efficiently perform successful molar endodontics treatment with more precision and predictable results.

This one day course includes lectures and hands-on workshops and is specially designed for dentists who wish advance their clinical skills when performing molar endodontics.

Participants will learn how to do a molar root canal treatment from start to finish in curved canals. Without a doubt, this course will help you master molar endodontics.

### Upon completion every participant will be able to,

- Enhance your knowledge of clinical concepts of molar endodontics
- Successfully treat difficult molar endodontic cases
- Apply system-based approaches for treatment
- Approach molar endodontic treatment with more confidence and more predictable results

### Topics to be covered,

- Teeth Morphology and access cavity designs
- Modern concepts of molar endodontic treatment using Nickle - titanium technology
- Modern concepts of molar obturation using advance new systems
- Step by step hands-on based training

## COURSE SCHEDULE

07.00 AM - 8.00 AM	Registration
08.00 AM - 9.00 AM	Challenges in Endodontic Diagnosis
09.00 AM - 10.00 AM	Advanced Techniques of Root Canal Preparation of Molar Teeth Using Different Nickle Titanium Systems
10.00 AM - 10.15 AM	Coffee Break
10.15 AM - 11.15 AM	Advanced Obturation Techniques of Molar Teeth Using Different Systems
11.15 AM - 12.00 PM	Practice Management in Endodontics
12.00 PM - 01.00 PM	Prayer and Lunch
01.00 PM - 07.30 PM	Workshop
